When you provide us the exact body measurements, our designers add **extra 5 to 6 inches'** room for the **kurta shalwar** and add **extra 3 inches'** room for the **sherwani & waistcoat**, in the provided exact body measurements (**Chest, Waist and Hip**) to make it comfortable fit as shown in the picture.

When you provide us the **garment/dress** size or you select any size from or **clothing size chart** then **we do not add any extra inches** and make it exactly as per the **garment or dress size or clothing size chart**.
